**WILLA KRUGER**

**PAUL BERANEK MEMORIAL RECIPIENT**

Willa was diagnosed with B-Cell Acute Lymphoblastic Leukemia after sudden unexplained bruising led to a blood test and immediate transfer to Children's Hospital in Omaha. She completed the most intensive phase of her treatment and will remain in maintenance treatment through May 2027, after enduring numerous procedures and daily chemotherapy. Through it all, Willa has shown incredible strength and positivity—balancing preschool, friends, and the challenges of treatment. **Willa Scout is knocking cancer out!**
